

THE TURNOUT

310 # 310 P.P. 23A

AT the Integration of 1989, John say Sammy was a homosexual and let John Fuck him in the ass. And for this reason, he could not be invited to our big meetings and no photos was taken in 1989. Read the Apostle and the story about me meetings with Janet at the River Park, it was him, Jimmy, Sam and Dr. Bub Lee. Bub was a key so he could never be displayed, but due to FBI pressure he had to distance himself. * Phil: 3:2

I instructed John to tell Sammy to switch him out and when I went to Washington D.C. I told then Pres George H.W. Bush to give John 10 years. John was given life. THEN I save him General Power to General PGA. Eston E.L. Roberts was instructed to register that General PGA at the Highlands County Clerk of Courts. On that day, my chain of command was setup. Fingered John and Rene and Sammy. I fingered me in California and I knew Janet trusted Sammy, she told me, "I like to talk to Sammy he is nice." Then we had to find out what he did you tell him? We knew who he was and how they was going to come at us, before they move their moves.

ON 5 July 1989

Subliminal messages is higher than the frequency of electricity. THE Project is copyright - then changed to the Apostle

Janet was at Silver Cup Studios and she made the "Alright" video. Frank Clark Jones died in September, I moved into a new house build by HUD grant in May 1990, the "Alright" video would me up. In December 1990, I told Prince Hall AKA Uncle Billy after he said, the sub John Gutti, "I got to go to N.Y.C. to rescue him. I headed back up to N.Y.C. and the final mission begun.

THE Subliminal Messages: (1) THE Project (2) update to the Apostle (3) My blues replaced into real names

In the late 1970's to early 1980's McDonalds was accused of using subliminal messages, because people got hungry when they saw them. I took them off the air. I was never proven to the public. How it is done? Light is at 60Hz, movies are like flashing cards in frames. What happens if you shoot 120 frames in one second. Placing a subliminal of 1 frame per second.
