

with violence. I felt it was improbable he could be unbiased in my case. But she insisted, I do an incompetent evaluation. She told me to sign my medical record over to the court. I said, no, that would be a conflict of interest, because the burden of proof is on the court.

E7. On 25 July 2016, the court denied me new counsel. I made the request on 5 July 2016 and was due in court 4 August 2016. This was a violation of Miranda v. Arizona.

E8. On 4 August 2016, I was refused my day in court to determine if I can proceed to trial.

E9. On 22 August 2016, I was again refused my day in court. And then I complained in writing. They held a hearing without me present, because I was not allowed in. They replace Moulton with a new attorney Tucker.

E10. On 24 August 2016, I was informed my Attorney Sharita Stout, I was found to be incompetent to stand trial and must go home, I cannot stay here anymore under the law. I said, I'd rather not go inside and see him, you can do this without me.

E11. The incompetent Judgment was signed by Judge Shinholser for Judge Ritenour and I was given a continuance until 8 Dec. 2016.

The Conclusion is a conspiracy:

Vicky Dunn claims she owns the Post Office and calls County Deputies and blocks information directed to the Postal Inspector. Judge Ritenour carried out his plot, yet it failed, because I spoke to Dr. Moering, MD, for about 5 minutes and after I discovered he was a psychiatrist, I told him I did not want to talk to him anymore. In those 5 minutes, I did most of the asking, so what was his decision I AM incompetent based on? And Dr. Suarez, I never spoke too other than, I asked he are you here to do a psychiatric evaluation? I AM not interest in talking to you or to that effect and guard let me back in, so what was her decision based on?

Under the law a psychiatrist cannot do a psychological evaluation. It requires two psychologists. This court decision is unlawful with the intent of preventing me having my day in court. The court owes me restitution for pain and suffering, as I had a tooth ache for 5 months due to the injustice of this court system, for hate crimes against God, because throughout this campaign, I was hated without cause and the rate of \$1,000 per day is what anyone gets if they are falsely arrested and place in jail whereby they cannot get out of jail or a confinement environment. I spent over 3 months in jail and about 36 days in a psychiatric ward due to false arrest and kidnapping by the Highlands County Sheriff Department.
