

development of said Highways.

- ③ We will then determine the ownership of the properties on both sides of the Highways of State HWY 27 and Interstate 95
- ④ We know they always build railroads to go thru black communities. Often we own our community properties and these undeveloped lands where AMTRAK goes thru.
- ⑤ Search the owners of the properties prior to railroad construction and the owners of the undeveloped properties along both sides of AMTRAK routes
- ⑥ NASA makes a printout - Electronic map of HWY 27 Interstate 95 and the railroads about an additional mile or two on both sides.
 - Ⓐ ~~Grid~~ Grid Coordinates
 - Ⓑ Tax records
 - Ⓒ TrackingsOwnership / All from local tax appraisal records.

THE CONCLUSION SOUGHT:

- 1) We own most of the undeveloped land along HWY's and railroads. (Chi-Fi - Telecommunications - supports)
- 2) THEREFORE, IF they fraudulently changed the deeds to develop on it, we own the development on our properties.
- 3) IF not developed, we have the right to develop these properties.

See, they went after the municipalities and inner areas, and ignored the routes into and exiting them.

They created a tax system, whereby cities would spend and never have investment capital. So they create social programs to use poor people to steal charity.

Charity! All charity goes to God.

Undeveloped Land Along Major Highways, with the auto industry and HWY infrastructure, what is placed on the sides of the roads is the secret future investments.
