

THE UNION Operations  
control all production processes,  
meaning buildings like Walmart and  
Sears belong to the municipalities  
and the employees work for the  
Trademarks Walmart®

\* Municipalities ~~pay~~ charges rent and  
build constructions to agreed upon  
specifications and partnerships  
are formed

\* I suggest the Government invest  
that \$13 Trillion in Commercial  
Real estate and thereby free up  
investment capital for the Trademarks

\* I will keep my 287 Ritz <sup>Carltons</sup> ~~Carltons~~  
and 4,200 Marriott International  
Luxury Hotels and my Casinos SO-  
PROFIT. And my Trump towers  
[Jesus Christ Towers, New York City]

\* This will insure well organized and  
run social programs and a strong  
partnership between business and  
governments and Corporate Headquarters  
(insure fair trade)

Understand:

Municipalities get 20% of each  
Separate County, the Union get 5% of  
the whole union take and the Feds 5% of  
THE whole nations take.

5% Healthcare
