

Temptation on the Mountains of Deception

The Headquarters of the Satanic Order is not Mount Zion. It is Mount NAZI Barvaria. When I was in Germany in 1983-84, we went on a field trip to Barvaria. SSG. Winston and SSG Beck, a Marine and Airman in that order was my keys. Read the story in the Apostle. It talks about Letuya and Jack Gordon. All I remember is at the end, SSG Winston came back for me and said "Are you still here?" "Yes." THE Monk tried to con him and he said, "He said no!" to that effect. He looked like "Gordon"?

He said to me, "If you stay here you can rule the world." "Marry the pretty one, Forget about the little girl." In my mind, I saw the inside, it was a Fortress, high tech, missile silos. This is where the Cavemen began. Outside all you could see is mountains and more mountains. This is where they are well dug in for 1,000's of years. I never saw Mount Zion. This is not where they are from. We could probably neutron Mount Zion, but it will require Special Forces to take down Mount NAZI Barvaria and until then, this world is subjected to one after another assaults against humankind. *EX: 34:27-32 Moses is Satan?*

And assault of this magnitude requires state of the art high technology communications tracking and the ability to reprogram, interrogate and apprehend key personnel. You have to get a map of the whole infrastructure of this reinforced cement bunker, using neutron technology to destroy from within. If an is being setup, Barvaria is their beginning off of civilization. If we neutron Mount Zion, we cut off important communications.
